

TIME SENSITIVE

PATCHING FOR PREVIOUSLY APPLIED DUST CONTROL (Oiling)

Wheatland County offers patching of previously applied oil dust control, this service is time sensitive. Once an inspection has been completed and if it is determined that the road surface can't be repaired by patching then the application for dust control must be submitted and **payment received by the deadline July 8, 2019**. Please be advised that the inspection and patching is scheduled only if time permits.

Prices reflect charges for materials only **\$100.00** /tonne plus GST (there is no charge for County staff or equipment).

Information and applications are available at the County Office or on the Wheatland County website www.wheatlandcounty.ca.

Completed application forms may be dropped off at the County office, faxed to 403 934-4889 or emailed cindy.sweere@wheatlandcounty.ca
